we see the journey, *differently...*

JACOBSEN | DANIELS

WHAT WE DO

Planning | Implementation | Operations | Management

Jacobsen|Daniels, LLC (J|D) is a consulting and operations company that specializes in aviation planning and implementation support. Our planning services include master planning, strategic and operational planning, and environmental planning. We work with both airports and airlines to design, define, implement, and manage their airport improvement projects. Other technical services include program management, construction services, and business services managing rental car, parking, and terminal concessions. Our strategic plans range from community development plans for promoting economic growth or preserving historical assets, to system-wide plans for revitalizing airport programs that integrate aviation and non-aviation commercial development. Our extensive experience in the design, execution, and management of small business, diversity, and inclusion programs set us apart from other aviation companies. With our corporate headquarters in Michigan, we also have offices and staff in Alaska, Arizona, California, Georgia, Illinois, Maryland, Missouri, Texas, and Washington.

ABOUT MICHIGAN

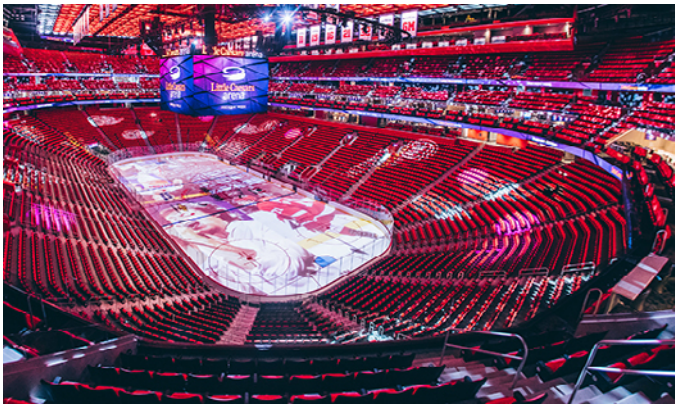
Being in Michigan offers our employees numerous opportunities for recreation and entertainment. Bordering four of the Great Lakes and separated into two peninsulas, Michigan has a truly unique natural environment than many Michigan residents and tourists absorb throughout the year. Whether swimming in the Great Lakes, sun bathing on the beaches of Grand Haven, or hiking through Michigan's numerous State Parks (which are never more than a half hour drive away).

SOUTHEAST MICHIGAN

Southeast Michigan is an area known for its culture. museums, sports, education, food, and (of course) cars, are important parts of Southeast Michigan's unique and vibrant culture. Detroit boasts numerous nationally renowned museums, including the Detroit Institute of Arts, Henry Ford Museum, Henry Ford Village, and the Motown Museum. In addition, Southeast Michigan provides numerous opportunities for education and growth. Wayne State University in Detroit and the University of Michigan in Ann Arbor are the highlights of an area filled with universities, community colleges, and libraries.

Proud of its local sports teams, Southeast Michigan is home to NFL, MLB, NBA, and NHL teams as well as other leagues. With professional, minor league, and college games available, an opportunity to go to the game is nearly always an option.

Southeast Michigan is also home to the Woodward Dream Cruise, a celebration of Detroit's automotive past. The Dream Cruise features over 40,000 classic cars every year. The North American Auto Show, held annually in Detroit, is a testament to the future of the automotive industry.



WHAT YOU CAN BRING TO SOUTHEAST MICHIGAN

We offer a unique opportunity to participate in a vibrant community with a rich culture. Join our team and help contribute to the diversity of a rapidly changing region and its bright future. We welcome innovative ideas and are always in need of valuable personnel offering a fresh perspective.

SUMMER INTERNSHIP METRO DETROIT

J|D is searching for creative and enthusiastic college students and recent graduates to play a significant role in our office renovation project. This role will consist of: space planning, obtaining quotes, providing furniture and floors plans, and producing project specifications, among other related tasks. Communicating/presenting concepts and ideas, decision-making, and budget management will be an imperative portion of this role as well. This position requires creativity, visualization, and the ability to conceptualize design elements.

Qualified candidates should be organized, have a strong sense of time management, be detail oriented, be self-motivated, and have the ability to solve technical interior design problems.

The internship will include a semester/summer length (up to 3 months) of employment or required internship hours to interns.

REQUIRED QUALIFICATIONS:

- Recent graduates or Individuals in their final year of schooling
- Architecture or Interior Architecture background
- Proficiency in a variety of software, including: Adobe, Autodesk, Sketchup and Microsoft programs
- Strong communication skills, both verbal and written
- High attention to detail with a keen eye for interior design, fabrics, space planning, and graphics
- Time management skills with ability to deliver and meet goals on deadline
- Exceptional customer service skills with a passion to provide solutions

SPECIFIC RESPONSIBILITIES AND DUTIES:

- Space Planning
- Create floor plans, sections, and elevations of concepts
- Contacting vendors and obtaining quotes
- Selecting materials and furniture efficiently and logically
- Perform field verifications, conduct product inventory and product research
- Produce preliminary design concepts and ideas
- Manage project hours
- General Office duties
